And throughout that time the work of our family-owned company has always been underpinned by strong family values and understanding.

You'll see this in everything from the friendly greetings of our on-site sales consultants to the fine details we add to make each house a home – all of which have helped William Davis to become one of the most well respected housing developers in the Midlands.

But most of all, you'll see it in our service. Having spent all these years really getting to know our customers, we know it's

important that we do everything we can to make finding your new home easier. Whether you'd like to know more about the local area of our latest development, or are being held back by the buyer of your current home, with our expert consultants and tailored buying options we'll support you every step of the way.

Plus, we're Consumer Code compliant and registered with the National House Building Council. That means when you buy from William Davis, you can always expect to find the highest standards, stay well informed, and be treated with consideration.

# Your home

Buying a new house - whether it's your first or your third - is a big commitment, and you need to feel that you're making the right decision.

With our brilliant customer care, NHBC accreditation and work with the House Builders' Federation, you can rest assured that a William Davis home is a home for life.

## NHBC

NHBC is an independent, non-profit organisation designed to improve the quality of British homes by setting and monitoring house building standards, and William Davis is an approved NHBC Registered Builder. Being one of NHBC's Registered Builders doesn't just mean that we follow their house building standards; an NHBC expert inspects every one of our homes during key stages of the build, ensuring your home is finished to the very highest quality.

Then, when you move into a William Davis home it is immediately protected by NHBC Buildmark, a 10-year warranty and insurance policy that begins as soon as you exchange contracts. For the first two years your home is covered by our initial warranty, which means that if you have any problems with your home we'll sort things out. After the builder warranty has ended, your home will continue to be protected by our insurance cover until 10 years after completion.

## A five-star house builder

The NHBC runs an annual new home satisfaction survey on behalf of the Home Builders' Federation, the UK's main representative body for the house building industry.

The national survey polls owners of new homes on everything from the buying and handover process to the design and layout of their property. They're also asked whether they'd recommend their builder to friends, with the percentage of corresponding answers revealing the final star rating.

In response to the survey, an overwhelming majority of our homeowners say they're extremely pleased with their homes - leading to William Davis receiving the maximum five star rating.

## Customer care

Having spent all these years working closely with our customers, we know it's important that we do everything we can to make finding your new home easier.

Brilliant customer service is central to everything we do. Whether you need advice on your buying options or want to know more about the local area, we're only a phone call away. And the experience doesn't end when you step through your new front door; once you've moved in our customer care team will be on hand to offer after sales care.

*“Working in Worcester, the travel links were important; the development is easily commutable from the city.”*

We adjust the look and feel of our homes to suit changing trends, so the colours, appliances and other fittings and finishes shown in our photography might vary from current William Davis home interiors. For more information, talk to our sales team.
